CAREERS FAIR
2ND JULY 2024

Careers Newsletter

This newsletter is a collation of all the opportunities we have heard about that will support your child with their next steps. Please use the links included to read more information and apply to anything you are interested in. Links are **underlined**.

Employer Spotlight

As a Graduate or Apprentice joining Fujitsu you will be allocated to one of our Early Careers role streams, such as Software Development, Marketing, Finance, Consulting and Sales to name a few. Each role stream will provide you with the specific training, network and support you need to get off to a flying start in your careers at Fujitsu.

You can read more about their careers [here](#).

Travis Perkins plc

“Travis Perkins teams operate at the heart of the construction industry, trusted by the customers and suppliers who build and maintain the places that are important to millions of people. We’re proud of where we have come from but it’s where we go next that counts. Are you about to step onto the career ladder? We can help you pave the way into a great career.”

You can read more about their careers [here](#).

Jobs of the Month

This video focuses on the job role of a Dermatologist.

A dermatologist is a medical doctor who specializes in conditions that affect the skin, hair, and nails. A dermatologist will examine a patient, order lab tests, make a diagnosis and treat the condition.

Labour Market Information Facts

In the past few years, especially after the pandemic, a lot of businesses moved to the online space. This paved the way for various eCommerce businesses as most people turned to online shopping. As per the forecast period between 2023 and 2030, the eCommerce industry is growing rapidly with a 10.06% increase.

"At Fujitsu we are committed to developing our Early Careers Cohort, encouraging their passion to grow, and helping to develop their skills with their future career in mind." They have a range of opportunities to help you explore your options.

These include:

• **Virtual work experience:** "Want to take your learning further? Explore our Digital Skills programme, a whistle-stop tour of all the skills you need to excel and stay safe in the digital world. Why not also try our WorkX programme, where you can discover the latest technology putting Fujitsu at the forefront of innovation."

• **Sprints:** "Sprints are short, video-led courses that allow you to complete a realistic task from an industry you're interested in. Each Sprint will introduce you to your mentor - an industry professional who will provide you with the information and advice you'll need to complete the task. You'll gain an insight into their role, and they'll show you how they would approach the activity."

• **Skills sessions:** "Ready to take your employability skills to the next level? Explore our Skills Sessions to discover more about the skills you'll need to take your career to the next level."

Getting into medical school in the UK is hard because it's an incredibly competitive process. There are a limited number of spaces available at each medical school, and a high number of applicants each year. If you are considering applying to study Medicine in the future, we would recommend looking at the [Medic Mentor website](#) which includes resources and events split into 5 steps:

Step 1: Research becoming a Doctor

Step 2: Speak to Doctors

Step 3: Participate in Medical Extracurricular activities

Step 4: Learn about the Medicine Application Process

Step 5: Seek Mentoring

Careers Newsletter

International Competition

“How does war effect people’s lives?”

“We want to learn from you about the individuals and communities affected by war. What’s a story that needs to be told? Is there a certain person that has inspired you? What are some of the impacts of war that people might not consider? Share your thoughts using poetry, art, speech and song! You can enter each category once!”

UCAS

Post 18 Guidance and Support

UCAS have a range of resources to help you explore your Higher Education options, via both university and degree apprenticeships. Here’s some of the features that you may find useful:

Industry Guides - These take a deep dive into different industries to explore job roles, average salaries, pros/cons & FAQs.

Subject Guides - These guides tell you where the subject could take your career, the number of vacancies available, entry requirements and what universities and employers are looking for when it comes to previous subjects.
