# Careers Newsletter

This newsletter is a collation of all the different opportunities around careers and next steps that we have heard about that will support your child. Please use the links included to read more information and apply to anything you are interested in.

Links are underlined.

## Year 8 World of Work

**BIG** thank you to:

- Bank of New York
- BOC Gas
- Max Fordham
- Dawnvale Group
- Salford College
- BDO
- RRG
- EverSheds Sutherland
- Watson Construction
- Salford Foundation

Who all attended school today for our Year 8 World of Work activity. Our students had an insightful day and really appreciate you visiting.

### JOBS OF THE WEEK Building Surveyor

As a building surveyor, you'll complete detailed reports, known as building surveys. Within these, you'll identify defects and advise on repair, maintenance and restoration options.

You may implement preventative measures to keep buildings in good condition and look for ways to make buildings sustainable. A large proportion of the working day spent on site.

### General Practice Doctor

As a GP, you'll provide ongoing medical care for patients in the community, treating a range of illnesses and conditions. You'll consider physical, emotional and social factors to provide a holistic approach to care. All GPs carry out administrative work, but if you're a partner in a practice, you'll also have business and management responsibilities.

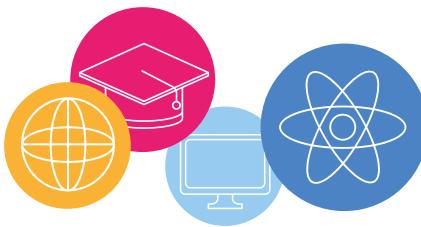

## OPPORTUNITIES

Open Doors takes you behind the scenes to showcase the fantastic range of careers available in construction. On Mon 23<sup>rd</sup> – Sat 28<sup>th</sup> March 2026 across all types of construction sites, as well as training and manufacturing facilities, depots and offices – online sessions will also be available. Bookings will open on Monday 12<sup>th</sup> January 2026.

Go Construct provides resources for anyone looking for a career in the construction and built environment sector. With so many roles available in construction it can be hard to know where to start, why not learn more about these career options... Find a role for you.

## Mock Interviews Year 11

Well done to all our Year 11 students who took part in our mock interview scheme. Students answered questions well and were engaging with our interviewers, it was a pleasure to see you all shine. Thank you to everyone who gave their time to interview our students giving them this opportunity.

## CAREER PROGRAMME

Cancer Research UK's early career programmes are unique as no previous experience or qualifications are required. This is because we are committed to breaking down barriers and creating an inclusive and diverse workforce, which we believe will help us beat cancer. Read more [here](#).

## LABOUR MARKET INFORMATION FACTS

For Young People aged 16-24, employment levels are up by 17,000. The employment rate has increased by 0.2%, now at 52.2%. This means there were 3.89 million young people in employment in July to September 2025. [Source](#)

"There were 1,308,825 full-time equivalent (FTE) staff directly employed by NHS England on 30 September 2023. The number of staff increased across all groups over a 10 year period, doctors by 37.0%, and nurses, midwives and health visitors by 23.1%." [Source](#)

## Virtual Work Experience

**In this virtual work experience**, you'll take part in realistic activities designed to mirror the work of NHS professionals. You'll build confidence in spotting signs of common conditions, practise effective consultation skills, and reflect on the importance of empathy in healthcare. By the end of the programme, you'll have a clearer understanding of how to pursue a career in health, from university routes to on-the-job training.

**This virtual work experience** gives you a behind-the-scenes look at how Arcadis engineers, designers, and project managers solve some of the world's biggest challenges. You'll explore the history and future of architecture and infrastructure, meet professionals shaping our built environment, and reflect on how your skills could make an impact.

**BSMS Virtual Work Experience:** This course provides online work experience for those considering to apply to medical school. You will be taken through six areas of medicine, exploring the roles, skills required, and challenges faced by today's doctors.

Observe GP is an online alternative to **work experience** for aspiring medics aged 16 and over, who are living in the UK. It is a free interactive video platform providing insights into the role of a GP and the wider primary care team. Watch the introductory video, so you have an idea of what to expect.

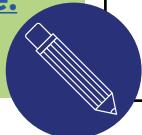

**This Virtual Work Experience** programme is bursting with engaging content designed to introduce you to the various healthcare science careers available, plus pathways into a healthcare science career with NHS England!

### Uni Spotlight

"Coventry is a forwardlooking, modern university with a proud tradition as a provider of high quality education and a focus on applied research. Your future is personal and so is your journey with us. Recognised for its outstanding student experience, we give you options to shape a path that's uniquely yours." Read more about Coventry University [here](#).

### JOB OF THE WEEK

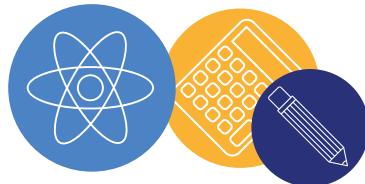

**Astrobiologist** One of the main questions in space exploration is whether there is life in space. Astrobiologists try to determine what is required for life, where these conditions may be found in space and what the signs of life we could detect may be. They will design experiments on Earth to simulate conditions we may expect in space.

### LABOUR MARKET INFORMATION FACT

In May to July 2025, the number of people aged 16+ in employment was 34.24 million, and the employment rate for people aged 16-64 was 75.2%. The employment rate has increased over the last year.
